listing Description

Founded in 2015, University Living Accommodation Pvt. Ltd is at the forefront of revolutionizing student housing on a global scale. As a leading student accommodation marketplace, our mission is to ensure every student, regardless of where they are in the world, finds a safe, comfortable, and convenient place to call home during their academic journey.

With over 7 million night bookings across 300 international education hubs, we've proudly served students from 93 different nationalities, helping them seamlessly transition into their new lives abroad. Our core values of **integrity, innovation, and inclusivity** drive everything we do, ensuring that we consistently meet the evolving needs of our diverse student community.

What sets University Living apart is our unwavering commitment to the student experience. We offer more than just accommodation – we provide a holistic solution designed to simplify and enhance the entire student journey. From personalized consultations with our 24/7 support team to value-added services tailored to student needs, we go beyond expectations to make settling into a new environment as stress-free as possible.

Our innovative Property Management System also empowers our stakeholders, streamlining business operations and ensuring smooth collaboration between all parties involved. With a dedicated team of over 150 professionals, we are constantly reimagining our services to better serve students and transform the digital landscape of overseas education.

At University Living, we believe that where you live shapes your academic experience. That's why we're passionate about creating a home away from home for students around the world, one booking at a time.
